- **Notional Concept of Support**

The Army National Guard ...

- ***Federal Mission***

Maintain properly trained and equipped units available for prompt mobilization for war, national emergency or as otherwise needed

The Army National Guard ...

State Mission -

To provide trained and disciplined forces for domestic emergencies or as otherwise needed by state laws

History

**Founded 1636,
Massachusetts Bay Colony**

**Articles of Confederation
call for a well-regulated
militia for each state**

- **The Congress shall have power...
To provide for calling forth the militia to
execute the laws of the union, suppress
insurrections and repel invasions;**
- **To provide for organizing, arming and
disciplining, the militia, and for governing
such part of them as may be employed in the
service of the United States, reserving to the
states respectively, the appointment of the
officers, and the authority of training the
militia according to the discipline prescribed
by Congress**

Pre-Deployment Support

**Joint
Starts
Here**

Army Sustainment Command

- Integrates logistics with joint and strategic partners in the national sustainment base
- Coordinates and establishes the distribution pipeline to deployed SC(T)s with USTC and others
- Assists FORSCOM and JFCOM rapid projection of forces to RCC and return
- Provides C2 and training readiness oversight of assigned forces
- Provides oversight of regeneration of redeploying equipment and reset

Deployment Execution

Setting the Theater Base

Deployed Sustainment Command (Expeditionary)

- ❑ OPCON to JFC or RCC and executes COCOM priorities and policy
- ❑ Develops theater support and distribution plans ICW RCC J4
- ❑ Establishes single Army Log C2 and distribution in theater for JFC
- ❑ Coordinates and synchronizes theater opening with USTC
- ❑ Leverages joint and strategic partners in JOA

Deter and Engage

Building the Theater Base

Deployed Sustainment Command (Expeditionary)

- ❑ **OPCON to JFC or RCC; supports COCOM priorities and operations**
- ❑ **Single Army Log C2 and distribution manager in theater for JFC**
- ❑ **Executes support for deployment, employment, sustainment operations**
- ❑ **Conducts JRSO to build and sustain combat power to set conditions for decisive operations**
- ❑ **Expands inter and intra theater distribution operations, establishes asset visibility**

Seize Initiative

Establish / Execute Distribution

Deployed Sustainment Command (Expeditionary)

- ❑ OPCON to JFC or RCC; provides single Army C2 and distribution management
- ❑ Operates ports/distribution hubs in spt of RCC's theater support plans; conducts JRSO
- ❑ Supports joint, multinational and coalition forces in deployment, employment and sustainment

Decisive Operations

Set Conditions for Follow-on Operations, to include Rotations

Sustainment Command (Theater)

- Provides C2 and two-way distribution in support of current operations to maintain combat power.
- Supports full range of military operations simultaneously in joint, interagency, and multinational environment.
- Executes priorities for support and plans for current and future operations including unit rotations and equipment retrogrades.
- Maintains established logistic networks and ITV-TAV to provide flexible and effective sustainment.
- Plan for and synchronize support for follow-on missions (branches & sequels) to sustain

Transition Operations

Provide Max Flexibility for the Warfighter

Sustainment Command (Theater)

- Coordinate with the ASC for continued deployment and redeployment of forces
- Manages retrograde and sustainment maintenance to ensure future readiness of units
- Coordinates with non-DOD and NGOs for needs of civilian population: SSTR and reset operations
- Coordinate stay behind equipment turn in and draw by units and rapid integration of TOE equipment into follow on units
- Provides effective and efficient redeployment of forces and synchronizes two-way distribution in support of current operations

Transition / Redeployment Support

Facilitating Redeployment Process

Army Sustainment Command

- Assist/oversight of the regeneration and resetting of redeploying equipment
- Coordinate with USTC to ensure necessary sealift and airlift is available
- Cross-level equipment and supplies based on FORSCOM priorities
- SC(E) assist with redeployment of forces SUS Bde tasked organized to provide reinforcing support to all forces in AOR
